Section N: (3 pts) Identify these intervals by

Section O: (3 pts) Write these intervals down

Section P: (4 pts) Write the following scales, using individual accidentals.

Section M: (6 pts) Transpose this melody to the key a minor third lower.

Section L: (4 pts) Copy the following melody on the blank staff provided, correcting four mistakes in notation.

This scratch paper will be provided at each administration of the GMTA Theory Tests and is the only paper allowed in addition to the actual test. Students may use as many sheets as they like, but they must write their names on every sheet they use and turn them all in with their tests. Students may not leave the testing room with any paper that has notes or other information about the theory tests. Nothing written on the scratch paper will be counted either for or against a student’s grade. The size of the staves on this practice sheet are the same as on the theory tests.
